Capacity where **your team needs it**

Focused support for deadline-driven drawing sets, with reviews and production aligned to your project standards.

QA/QC drawing review

- 50% / 90% / IFC milestone reviews
- Code compliance + life safety
- Architectural / MEP / structural coordination
- Annotation + sheet consistency

Revit production

- Redline implementation
- Revit modeling + model clean-up
- Sheet setup + detailing
- As-built drawings

PRIOR FIRM EXPERIENCE

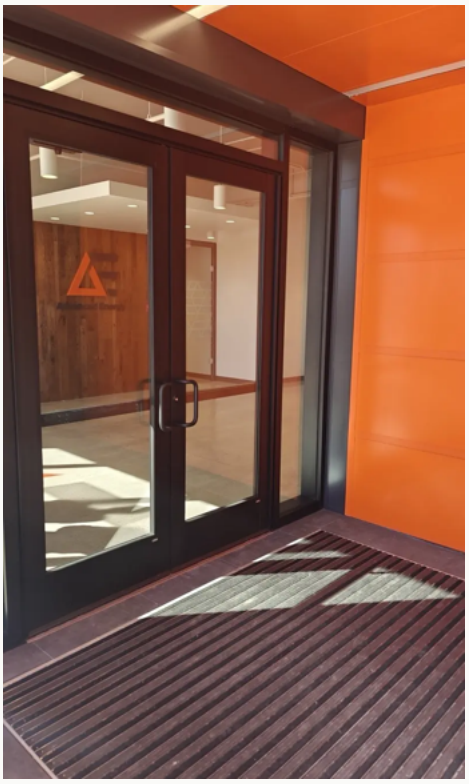

Huitt-Zollars	Senior Project Manager
G Squared Design	Senior Project Architect
OKW Architects	Job Captain
Frontline Design	Project Architect

At Huitt-Zollars, Kevan audited 24 active projects across budget, staffing, schedule, coordination, and delivery risk. Seven recommendations moved into implementation.

Project audit and recovery case study

Advanced Energy
Fort Collins

Senior Project Architect + project lead / G Squared Design
Main entry addition and renovation / Built

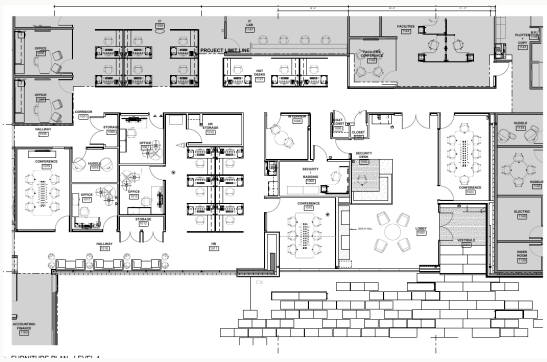

Completed entry

FIELD RESPONSE

When a load-bearing wall intended to remain was partly demolished, Kevan stopped work and coordinated structural shoring.

COORDINATED DELIVERY

He worked with structural consultants on a revised removal plan, then carried the redesign into the construction documents. The completed lobby gained openness and improved circulation.

Revised Level 1 plan + CCD set

Selected work completed in a prior firm role.

View complete project + drawings

A defined scope.
A clear handoff.

01 Share the starting point

Discuss your deadline, drawing status, redlines, and model access.

02 Agree on the work

Confirm the scope, fee, schedule, standards, and expected deliverables.

03 Receive the agreed deliverable

Actionable review markups or updated models and drawings, with open coordination items identified.

Work directly with Kevan DeGryse, AIA, MBA.
